

NEW COMMISSIONER ORIENTATION

2019 Association of Boxing Commissions Annual Conference
Scottsdale, AZ

New Commissioner Orientation

- Detective Mark Langlais, Administrator of Boxing and MMA Regulation for the Connecticut Department of Emergency Services and Public Protections' Special Licensing & Firearms Unit.
- Serving in this capacity for 10 of 20 years with the Connecticut State Police.

New Commissioner Orientation

- Topics to discuss:
- Ethics – Professional Relationships / Social Media
- Accessible informational and recognized databases and their differences.
- Federal ID Cards & MMA National ID Cards
- Fighter info reports and suspensions.
- MMA Database
- Regulation –Medical Requirements / Licensing

New Commissioner Orientation

- You as a Regulator, will have to go to great lengths to never get yourself, your commission, your staff, state, or tribe into a relationship that would give the perception of impropriety. Like.....
- Posing for photos with fighters, promoters, etc...
- Allowing for special privileges.
- Accepting gifts or other favors.
- Never violate a rule, regulation, or statute when in the process of regulating an event and this will never be an issue.
- You have statutes, rules and regulations in place to prevent this from happening. Do not be afraid to say NO!!
- Support your decisions and be confident that you are making the right call based on your jurisdictions laws, rules, and reg's.

ETHICS

- Developing professional relationships with promoters and fighters is necessary, however, careful attention needs to be paid to not allow these relationships to affect you in the performance of your duties as a regulator.
- Common sense will always prevail. Use your head and make decisions based on what your jurisdiction deems within statute and regulation.

Regulatory Information

- Topics to discuss:
- Federal / National ID Cards
- Suspensions
- Medical issues
- Match Ups and Bout Decisions
- Suspensions
- Working with other Commissions
- BoxRec and the MMA Database

Federal ID Cards & MMA National ID

- ID numbers are issued by BoxRec and MMA database.
- ID are issued by State Commission in which the fighter resides
- Confirming the ID of the fighter is critical to ensuring health and safety of all involved.
- Fighters attempting to obtain a FED ID under fake names and info is a real thing. It's up to the commissions to prevent it.

Suspensions

- Do not, under any circumstance, allow a fighter that is suspended buy another commission to participate in a event until the suspension has been lifted and/or cleared by the commission that issued the suspension. EVER!!!!

MMA DATABASE / BOXREC

Medical Issues

- Hydration
- Weight cuts
- Medical release forms make commission to commission medical request more manageable.
- Medical suspensions need to be cleared by your commission doctor.
- You MAY NOT lift a medical suspension levied by another commission. The suspending commission must do it.

Match-Up and Bout Decisions

- Health and safety is your first concern.
- Common sense prevails in most cases. Trust your gut instinct. When in doubt call someone. We all do it and its encouraged rather than frowned upon.
- Do not be afraid to say no. EVER!!!!
- You are the regulatory authority, not the promoter.
- Approving a mismatched bout has ramifications well beyond the bout alone.
- Sometimes its you job to protect the fighter from him/her self.
- Examples.....Mis-matches ect...

Suspensions

- It is the responsibility of the fighter to adhere to all requirements set forth by the suspending commission to have his or her suspension lifted or cleared.....Not yours!!!
- Health & Safety could not be more important in this situation.
- No clean fighter page...No fight....No exceptions.

Working with Other Commissions

- Developing good relationships with other state and tribal commissions is a key component to regulating these sports.
- We all have “go to” commission heads that we call for questions and requests. Having positive relationships with these people makes our job easier.
- Answer your phone. If a commission is calling at 5:30 on a Friday night, it’s probably not to chat....It’s more than likely an issue with a fighter they are about to put on a scale.
- Make sure your contact info is correct on the ABC website.

Closing Information

- Things to remember.....
- Do not be afraid to ask questions of people who have been in this business for longer than most of us want to remember. They are a wealth of knowledge and always willing to help. Asking Greg Sirb about a glove you've never used or Mike Mazzulli what a certain fighter looked like in his last fight is encouraged, not frowned upon.
- Do not be afraid to "Steal" stuff....Other commissions are always willing to help with documents that you may want to use or will have ideas that may work better for your commission.
- Promoters are in the business of promoting. As regulators, its your job to ensure the health and safety of the fighters involved in these events. Two completely different jobs.
