Hello Christopher Palmquist,

You have recently been issued (or renewed) a National MMA ID by the Nevada Athletic Commission. This number will uniquely identify you to the athletic commissions nationwide and remain the same as you continue your combat sports career.

ID No.: 100000  
Issuing Body: Nevada Athletic Commission  
Issue Date: June 28, 2023  
Expiry Date: June 28, 2028

## Year in Review - Public Information

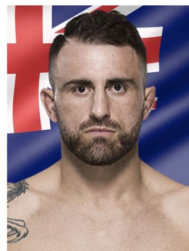

---

- We have recently added event schedule, event pages, and fighter detail pages to our public website: [www.combatreg.com](http://www.combatreg.com)
- We are hopeful that commissions will link to our site for a schedule of their commissions events (or events in their state), but can also link for past event results.
- We felt it important that the ABC's Official Record Keeper have a way for the public to easily access event and fighter information that is available to them on a site that is connected to the portal for commissions and promoters.
- New site offers a full service API which can be utilized by commissions and promotions to drive event listing and results on their individual websites. Set it up and forget it.

## Future Updates

---

- We are always working towards creating a better, more functional system focused on athletic commission users.
- In addition, our long term goal is to create a system that is utilized by everyone involved in combat sports: athletic commissions, officials, promoters, & athletes.

## Future Updates - National Officials Database

---

- As part of our vision, we will create new account types: officials and athletes. Officials will include: Matchmaker, Second, Trainer, Referee, Judge, Announcer, Inspector, Timekeeper, Manager. Physician.
- Officials will have access to keep their own information up to date and also allow commissions to log additional information, suspend non-athletes, and log training.

## Future Updates - Commission+

---

- Once we have created a database of officials and a way for officials to create an account with us, we want to offer the ability for commissions to issue their STATE licenses.
- This would strictly be an optional service we can offer commissions with limited resources or would like to centralize combat sports services necessary to regulate.
- State licenses would be tied directly to an official's profile and would be accessible to all commissions and create a history of their combat sports licensing career nationwide and by state.
